OJO CALIENTE (HOT SPRINGS.)

These celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90° to 123°. The gases are carbonic. Altitude 8,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,683.4 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures effected in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$3.50 per day. OHIO LEGISLATURE

Nine Republican Representatives Opposed to Hanna Refused to Attend Caucus on Saturday.

THE OPPOSITION IN CONTROL

Representative Mason Elected Speaker of House—Hanna's Defeat is Conceded Unless Radical Changes Are Made the Present Week.

Columbus, Ohio, Jan. 3.—The Ohio legislature convened at 10 a. m. The caucuses held on Saturday night were not on the usual lines between the Republicans and Democrats, some of the Republican members having formed a fusion with the Democrats for the defeat of Senator Hanna. The senate stands 18 Democrats, and 18 Republicans, the latter, including Senator Voight. He was elected on the fusion ticket from Cincinnati and did not attend either caucus. At the senate Republican caucus Senator Burke, Republican, of Cleveland, was not only absent but was at the same time nominated by the Democratic caucus for president pro tem. of the senate. The caucus nominated Senator J. Park Alexander for president pro tem. The absence of Senator Burke today, therefore, meant not only his election, but election of Democrats for all offices in the senate. The house stands 62 Republicans and 47 Democrats, the former including four fusionists from Cincinnati. At the Republican house caucuses there were only 52 present pledged to Alexander Boxwell for speaker. Of the ten absentees, Representative Griffith, of Clinton, was the only one offering any excuse. He was sick. The other nine Republican members were absent because they are opposed to Mr. Hanna and regarded Representative Boxwell as his candidate for speaker. These nine Republican members, met with the Democratic members and endorsed Harry S. Mason, of Cleveland, anti-Hanna Republican, for speaker. With these nine Republicans and the 47 Democratic members, Representative Mason would have 56 votes, one more than necessary to elect, but some of the Democratic members refused to be pledged to any Republican candidate for speaker, speaker or other offices, in the organization of the legislature. It is generally believed the fate of Mr. Hanna, as well as all of his supporters, depends upon the organization of the legislature. His opponents claim he will be defeated even if the Boxwell ticket is elected, and his friends admit that the chances are against him. If Mr. Boxwell were defeated.

Anti-Hanna Speaker Elected.
Columbus, O., Jan. 3.—The contest in the house was between Mr. Mason, anti-Hanna and Mr. Boxwell, the Hanna candidate. The first ballot resulted: Mason, 56 votes; Boxwell, 53. Mr. Mason was declared elected amid great excitement.

It required an hour to examine the credentials and swear in the 109 members, but the 36 senators soon qualified. In the hall of the house, the wildest scenes were witnessed during the first hour of the session. All of the 109 members were in their seats after the name of Representative Boxwell had been presented as the regular Republican candidate for speaker. The name of Representative Mason, Republican, was presented by Representative Jones, Republican, and seconded by two other Republicans. The Democrats did not participate in the speaking. As the ballot proceeded there were loud cheers as doubtful members responded to their names, and when the roll call closed there was a long demonstration that do lay offed announcement of the vote. The first ballot resulted: Mason, 56, Boxwell, 53, as claimed since Saturday night by the combined opposition to Mr. Hanna. The combine then completed the organization of the house.

Democrats Organized Senate.
All were present in the senate chamber except Senator Burke, of Cleveland, Republican, who was nominated on Saturday night by the combine for speaker pro tem. When Representative Griffith cast his vote for Mr. Mason for speaker, there was a wild scene, and the excitement continued until Mr. Griffith was elected speaker pro tem. by the same vote as that cast for speaker. The regular Republican candidate for chief clerk of the house, John R. Malloy, secretary of the Republican state committee, was defeated by Charles H. Garrish, Republican, Charles Kurts' close lieutenant in the organization of the opposition to Mr. Hanna. The combine slate went through for all the nine places by the same vote, 56 to 53.

When the joint resolution on arrangements for the inauguration of the governor came up in the senate, the Republican senators, as a rule, declined to vote on account of their opposition to Governor Bushnell. The resolution was adopted by the Democratic side of the senate chamber, assisted by Senators Shepard and Weightman, Republicans, and Senator Voight, fusionist. This action caused a great stir about the state house. The result of the organization of the legislature started rumors that the Hanna men would combine with the gold Democrats for the election of Calvin S. Brice, as a gold standard man, rather than to have Mayor McKisson and Governor Bushnell elected for the long and short terms as silver Republicans.

Speaker Mason will dispose of all the patronage in the house in the interest of McKisson and Bushnell, against Hanna and with the state executive administration also against Hanna. His defeat is conceded unless radical changes are made within the next week.

A Family Cremated.

Jersey City, N. J., Jan. 3.—Adolph Reich, a real estate agent, his wife and three children, the youngest 8 years old, burned to death on Sunday morning in a fire which destroyed their house. Fire Chief Conway fell with the burning floor and was badly burned.

DOUBLE MURDER IN COLORADO.

Two Men Shot by An Unknown Assassin in Pictou—Police Have No Clue to the Murderer.

Walsenburg, Colo., Jan. 3.—Robert Mandoline, the proprietor of the saloon at Pictou, near here, and Dave Evans were killed by an unknown assassin in Mandoline's saloon. Mandoline was standing behind the bar, talking with several men, when five shots were fired into the saloon from the outside in rapid succession. The first shot struck Mandoline, who fell to the floor, dying instantly. The next shot ploughed through the chin of Dick Owens and bored a hole through the head of Dave Evans. Evans fell dead. Immediately after the shooting a man was seen to leave the front of the saloon and run in the direction of some cabins occupied by Italian miners. This is the only clue the police officers have to the identity of the murderer.

Work of an Unknown Assassin.

Jackson, Miss., Jan. 3.—The news has just been received from the Algern Agricultural and Medical college for colored people, near Rodney, Miss., that President E. G. Triplett was shot and fatally wounded last evening while on his way to a prayer meeting, by an unknown assassin.

NATIONAL CAPITAL BUDGET.

Secretary Gage Expressed Approval of the Report of Monetary Commission—Official Changes.

Washington, Jan. 3.—Speaking today of the report of the monetary commission for the reform of the currency, Secretary Gage said: "I read the report with great interest and much profit. Avoiding abstract terms, it presents in plain, comprehensible language to point out the sources of our present financial weakness, and the remedies proposed are so clearly set forth that all may understand. The reform measures recommended I regard as well adapted to cure the ills from which we suffer and which threaten our future. I sincerely hope it will bear fruit in legislative action."

Writ of Habeas Corpus Denied.

Washington, Jan. 3.—In the Supreme court today an appeal of George D. Crossly from a decision of the Circuit court for the northern district of California, denying writ of habeas corpus, was dismissed. Crossly was one of the rioters in California in the summer of 1895 and was the cause of the death of a railroad engineer by derailing a train.

Several Official Changes.

Washington, Jan. 3.—Charles G. Dawes, of Illinois, today took charge of the duties of controller of the currency. N. B. Scott, of West Virginia, assumed the duties of commissioner of internal revenue. John C. McNulta has been appointed receiver of the National Bank of Illinois, in place of John C. McKee, resigned.

COCHITI FORGING AHEAD.

Albamarle Road Will Soon Be Completed to Eland—Work on Mine Booming—Developing Water.

The Herald Herald cheerfully reports that, under the able supervision of Geo. Hoffmann, the road from the Albamarle group of mines down Colla canon, around the point by the Little Molle and No Name mines to the connection with the road to the Washington mine, is a fine piece of work and within a week of completion. Quite unexpectedly the grade does not exceed 8 per cent at the steepest point and what was supposed to be difficulties have been surmounted with ease and rapidity. The road when finished may be used for any purpose it may be put to. A comparatively small amount of rock work remains to be done before it will be perfectly passable. At the Albamarle mine work is going on. The new hoisting whim is up and in place and about ready for use. A large house for living purposes is well under construction and will soon be ready for occupancy. Surveying for mill sites and other buildings is going on. A gang of men is at work about the falls in Peralta canon developing water, which will be conveyed by pipe over the mountain to the Albamarle, and of which there will be a sufficient quantity for any and all purposes. The entire operations display the business of a hive of bees and go very far to prove that the right kind of people have taken hold of this big and valuable property.

Delegate to Denver.

Governor Otero today appointed Mr. Arthur J. Tisdall, of San Miguel county, a delegate at large for the territory to the National convention of stock growers to be held in Denver on January 26 next.

TREATIES VIOLATED

Li Hung Chang Expresses Himself Regarding Forcible Occupation of Kio Chan by Germany.

INTERNATIONAL LAW DEFIED

The Chinese Government Offered Immediate and Full Redress for the Outrage Complaind of by the German Government.

New York, Jan. 3.—The Herald this morning prints an interview, obtained at Peking, with Li Hung Chang, in which he says: "The forcible occupation of Kio Chan by Germany is a direct violation of existing treaties and international law. The protest made for this act was the murder of two missionaries by robbers in the interior of the province of Shang Tung. The Chinese government offered immediate and full redress for this outrage—the punishment of the criminals, dismissal of the local officials and large compensation for all losses. "Should China be distressed by having her shores invaded and her territory occupied because of an occurrence which the western countries would deal with by law and not by war—an unexpected incident, deplored by my government and followed by full redress. "Our desire is to preserve our territory intact and steadily to improve it as a field open to all countries equally for the development of commerce."

England Will Enforce Her Rights.

Manchester, Eng., Jan. 3.—The Manchester Guardian today says: "The government has categorically stated that Great Britain will refuse to recognize any special rights granted to any Chinese port or to any particular power. Any port opened to one power will be open to all or open to none. If Russia has been granted the right to winter ships at Port Arthur, Great Britain will enforce her rights to the same privileges and her ships will winter there whether China concedes or does not concede the right."

TERRITORIAL TOPICS.

At the Madrid coal mines, three miles from Cerrillos, there are about 400 employees, and the monthly pay-roll averages about \$15,000 or \$16,000.

Judge Hamilton is crowding business in the District court at Socorro with might and main. During the past week he has held night as well as day sessions.

The Wells & French company, of Chicago, has an order from the Santa Fe company for 250 of the latest model refrigerator cars. These cars will be 36 feet long.

Michael McGrath died at Las Cruces last Monday at 12 o'clock noon. His death could not be called sudden as it had been expected by his friends and by himself for over a month.

There will be a greater acreage of wheat and other crops planted in the Frisco country and in fact throughout the entire western part of Socorro county than ever before in any previous year.

The Rio Grande Republican indulges in this bit of sensible advice: During the coming year, let neighbor and neighbor, business men and professional men, politicians and citizens, work hand in hand, altogether, on the broadest and most liberal platform, for the welfare and prosperity of the Mesilla valley.

Cerrillos is probably the only incorporated town in the territory that is free from debt. This fact should commend it to the consideration of communities which are tax-burdened to pay interest on bonds. We hope that the finances of Cerrillos may never be less prudently managed than they have been till now, says the Register.

One of the delights of the children of Silver City is to fondle the pretty little Shetland pony presented by Hon. H. B. Ferguson to Miss Fannie Fleming, daughter of J. W. Fleming. The cart to fit the pony, which accompanied it, is a little beauty too, says the Enterprise.

Edward Head was arrested last week for branding a calf belonging to the San Vicente Cattle company. He was brought up for preliminary trial before Justice of the Peace Isaac Owens, Monday. He waived examination and gave bond in \$300 for appearance before the next grand jury, reports the Silver City Enterprise.

A. E. Cunningham is connecting his two business houses, in Mogollon and Cooney, by a telephone line which will be open for the use of the public at reasonable rates. It will transfer messages to or from and connect with the Mogollon telephone line, which operates between Silver City and Mogollon.

If the garden of Eden was blessed with such beautiful weather as the people of Silver City have enjoyed during the holidays, Adam and Eve must have always regretted leaving it. The weather is simply grand, could not be improved upon in any manner, and it is only a repetition of former winters, says the Enterprise.

George A. Byron, superintendent of mines of the Graphic mining and smelting works at Magdalena and one of the best mining men of New Mexico, was a welcome Christmas visitor. He went up to Albuquerque last night and remained until the early part of the week before returning home, reports the Socorro Chief.

Charles A. Dyas, the locator of the reported rich gold strike at Santa Rita, is now behind the bars in the Grant county jail. He came to Silver City from Santa Rita last week and mowed a wide swath for a time winding up his brilliant career by passing several checks without having a cent on deposit to make them good. He will have his preliminary examination, Tuesday. These circumstances leads the Enterprise to suspect Dyas's "big Santa Rita Strike" is a fake.

Another Large Sheep Shipment.

Four thousand head of sheep are due to arrive in Santa Fe from the south, on Wednesday, for shipment over the D. & R. G. railroad to feeding stations in Nebraska and thence to market in Chicago. The shipment will be made by J. A. Stinson to C. B. Reynolds. It will be remembered that a similar shipment of 10,000 of the fleecy fellows was made from Santa Fe over the D. & R. G. road about ten days ago.

NEW YEAR'S GIFT TO BROWN.

Governor Otero Pardons H. P. Brown, Convicted of Embezzlement and Serving a Year's Sentence in the Penitentiary.

EXECUTIVE OFFICE.

Santa Fe, N. M., Jan. 1, 1898. Whereas, A custom has been established in this, the executive office of the territory of New Mexico, to extend to some unfortunate prisoner, an act of clemency upon each national holiday; and

Whereas, H. P. Brown, of Eddy, New Mexico, was at the November, A. D. 1897, term of the District court of the Fifth judicial district of the territory of New Mexico, sitting within and for the county of Eddy, convicted of embezzlement and sentenced by said court to serve a sentence in the territorial penitentiary for the term of one year; and

Whereas, The money which the said Brown defaulted in paying over to the authorities regularly constituted to receive such moneys, has been entirely paid by the bondsmen of the said Brown; and

Whereas, The said Brown has always been an honest, upright man and a useful citizen of the county of Eddy, and the delinquency of the said Brown was charged with, was due entirely to carelessness in discharging the duties of treasurer of Eddy county, and was not actuated by any malicious or criminal intent, in failing to properly account for moneys entrusted to him as such treasurer; and

Whereas, A large number of the citizens and taxpayers of the county of Eddy, including the jurors, bondsmen and others, have filed strong a petition for the pardon of H. P. Brown, and the district attorney, Hon. John Franklin, who prosecuted the case, having also joined in the request for pardon, and his letter is published in connection with the matter:

Now, therefore, In pursuance of the custom, as above, and after a careful investigation of this case, I, Miguel A. Otero, governor of the territory of New Mexico, do hereby extend to the said H. P. Brown a full and complete pardon from the sentence and conviction herebefore recited, to take place on this, New Year's day, and the superintendent of the territorial penitentiary is hereby authorized to discharge said Brown from confinement.

Done at the executive office, this, the first day of January, A. D. 1898. Witness my hand and the great seal of the territory of New Mexico.

(Seal) MIGUEL A. OTERO, Governor of the Territory of New Mexico.

By the Governor, GEO. H. WALLACE, Secretary of Territory of New Mexico.

One of the points that turned the scale in Brown's favor, in addition to the petitions from many leading citizens of Claves and Eddy counties, was the following letter from the district attorney of these counties:

To the Hon. M. A. Otero, Governor, Santa Fe, N. M.

Dear Sir: Mr. H. P. Brown, a former treasurer of this county, pleaded guilty to embezzlement of the public funds of the county, committed while he was in office, at the present term of this court. In view of the fact of his plea of guilty and the further fact that the bondsmen of Mr. Brown have fully settled up his shortage, and that the bondsmen who paid nearly all of the shortage have recommended his pardon, I beg to submit to you that in my opinion as a citizen the case is deserving of a pardon. I further call your attention to the fact that the said Brown has lain for about two years under the shadow of this indictment, and has had to attend the terms of this court, and has therefore suffered very considerably therefor.

I believe it will be very proper for you to extend executive clemency toward him. Very respectfully,

JNO FRANKLIN, District Attorney of Eddy and Claves Counties.

ALBUQUERQUE NOTES.

D. C. Hobart passed through the city on Thursday night on his way home to Silver City from Alaska, where he has spent the last three months. Mr. Hobart is greatly pleased with the outlook in Alaska, and he intends to return in the spring and go through to the gold fields.

Thomas Hughes, editor of the Albuquerque Citizen, celebrated his 50th birthday on New Year's day. Speaking of the event he says: Tomorrow is the 50th anniversary of the birth of the editor, and he has resolved that if he lives to be 100 years old that he will publish on that occasion a 100-page paper to celebrate the event.

After seeing the work on the new canal fairly started by the Albuquerque Land & Irrigation company, A. A. Grant, the president of the company, left last night for California. He will return in about 30 days, when the surveys will be practically completed, and help push the work of construction, says the Democrat.

The Albuquerque Democrat issued a profusely illustrated special edition of 24 pages on New Year's morning. It was most creditable to the enterprise and industry of the management and will prove a material aid in attracting the attention of homeseekers and investors to the varied and substantial advantages of New Mexico.

REAL MERIT RECOGNIZED.

T. J. Helm's Field as General Agent of the D. & R. G. Broadened—Relieved of Detail Work at Station.

The New Mexican is more than pleased to be able to announce this early in the new year, that the tireless energy, unflinching zeal, fine executive ability, persuasive address and other super qualifications of Mr. T. J. Helm as a railroad man have been substantially recognized by the D. & R. G. management.

He has been relieved of all detail work in connection with the D. & R. G. station in this city, and his field as general agent has been broadened out so that it now includes Colorado, New Mexico, Arizona, and Texas, with headquarters as heretofore in Santa Fe. While the local agency of the road in this city will be continued in the name of Mr. Helm, the functions thereof will be performed by Mr. Fred A. McBride under the title of cashier, and, as the latter has proved his superior fitness for the responsible place during the years he has faithfully served as assistant in the office, no doubt is entertained that the business of the station under the new regime will be so conducted as to win the plaudits of all.

Mr. Helm began railroading at the bottom of the ladder in Indiana many years ago, taking his first lesson on the "B" line between Indianapolis and Cleveland, which has since been absorbed by the Big Four system. His first situation was messenger to the fuel agent of this road, where as a boy he demonstrated his ability to do the little things first, and his willingness to do the most important things later.

In 1890, on account of ill health, a change of climate became necessary, and he came to Santa Fe, accepting the superintendency of the Santa Fe Southern, incorporated into the D. & R. G. main line between Santa Fe and Denver. Soon after this amalgamation he became general agent of the D. & R. G.

When Mr. Helm assumed the duties of superintendent of the Santa Fe Southern the business of that road was in such a condition that it was customary annually to draw on the owners for \$3,000 or \$4,000 to pay deficiencies in running expenses. The new superintendent not only never found it necessary to draw on the owners for money during the five years he operated the road, but before the year closed to D. & R. G. company was able to show a yearly surplus of earnings amounting to \$15,000.

In view of such a showing, it was most natural that his services should have been retained by the D. & R. G. management as general agent at Santa Fe. The broadening of his field of activity and usefulness, which comes to him as a New Year's present, is simply a well earned reward of genuine merit.

An Old Settler Dead.

Andy Parish, an old colored man, whose home was on lower San Francisco street, died last night, death resulting from paralysis induced by gunshot wounds received while a soldier during the late war.

The deceased was born in Missouri 63 years ago, and in 1862 enlisted in company K, Fifty-sixth regiment, U. S. colored volunteer infantry, serving through the war, and was severely wounded several times. At the close of the war he entered the Thirty-eighth infantry that regular army, and came to New Mexico with his regiment in 1867. When his term of service expired he remained in this city, and by industry and frugality acquired considerable property, and leaves the home on San Francisco street and a ranch on the Rio Tesuque to his widow. The funeral will occur tomorrow morning.
